OL 1978-427  
9 JUN 1978

MEMORANDUM FOR: Director of Logistics  
VIA : Deputy Director for Administration  
FROM : [REDACTED]  
Director of Communications  
SUBJECT : New Communications Support Requirements  
for FY-1980-1984 [REDACTED]  
REFERENCE : OL 7 4837(a), dated 16 January 1978, Same  
Subject

1. [REDACTED] As a follow-up to your stated requirements for communications support, the Office of Communications has planned and/or programmed the following actions:

a. In order to provide for expansion of capabilities between the Headquarters Building and the Printing and Photography (P&P) Building, resources are programmed at the current level for the installation of buried coaxial cable between the two sites. This will serve the dual function of providing increased channel capacity (the equivalent of four T1 1.544mbs lines) and sufficient redundancy to furnish backup service for the IR link currently installed.

b. The necessary channel capacity currently exists to accommodate increased data rates from [REDACTED] and the [REDACTED] if this requirement becomes a reality.

2. [REDACTED] Members of our respective staffs will maintain contact for the purpose of satisfying the communications requirements of your office.

cc: DDA/M&AS - [REDACTED]
